**T**HE REGALIA worn by those participating in the graduation ceremonies today has a colorful history.

Regalia originated in the monasteries of the Middle Ages. At that time teachers at the universities were men of religion and wore the habit of their Order while teaching. With the passage of time their garments came to identify their university.

In Europe it was not until the 19th century that laymen were commonly found teaching in universities. In 1858, for example, British law made it no longer mandatory for university dons to be in holy orders. University teachers nevertheless continued to wear clerical garb, with modifications in cut and design, as academic dress.

Regalia colors were often those of the university patron or of the city in which the university was located. Simon Fraser regalia combines the red and royal blue of the Clan Fraser and the University motto "nous sommes prêts" (we are ready) is a modification of the Clan motto "je suis prêt".

The hood was originally part of the monk's habit and was sometimes used as a carryall for small items such as food while the wearer was travelling. In time the hood was disconnected from the gown, became variegated in color, and was used to identify scholars and degrees from a designated university. Hoods in Canada and Europe are unique in design and color combination to each degree and each university.

The mortarboard worn by our bachelors and masters was worn by high church dignitaries in the 16th century and consisted of little more than a cap with a squared crown raised above the cap. By the 18th century the crown was frankly a cloth-covered board but now was worn by deans and rectors of the universities. In the 19th century the knob on top was replaced by a tassel and the cap became required head covering for university students. Because of the square shape, the cap reminded students of the square board used by masons for holding mortar and the headgear was dubbed "mortarboard" — college slang of the day.

Doctoral hats were patterned after the Florentine hats that were the mode in Italy in the time of the Medici. These hats were purchased by students in the color of their university and were worn after the bachelor degree had been completed and the students were continuing with advanced studies.

## THE UNIVERSITY COAT OF ARMS

The University Coat of Arms was granted to the University in 1956 by the Lord Lyon King of Arms.

The heraldic description of the Flag is:

“Quarterly; 1st and 4th, Azure, three fraises Argent  
; 2nd and 3rd, Argent, three antique crowns Gules, in  
chief Gules an open book proper, binding and fore-edges Or,  
between two crosslets fitchée of the last.”

The Coat of Arms was derived from that of the Clan Fraser. The name Fraser is said to have come from the French word “fraises”, meaning strawberries, hence the Shield and Flag each include the Strawberry flower motif.

The Flag was dedicated and flown for the first time at the Convocation ceremonies in June, 1981.

## UNIVERSITY RE-ORGANIZATION

The 1980s have been a period of restraint and accompanying budget difficulties for the provincial universities.

Upon his arrival in 1983, President Saywell instituted a major planning exercise and, arising from that planning, announced a carefully designed prescription for the future.

Highlights of the program included the dissolution of two Faculties and the relocation of some of their departments and programs to other units, including a new Faculty of Applied Sciences.

The University's commitment to research was heightened through the establishment of a Vice-Presidency charged with promoting and funding the efforts of campus researchers.

President Saywell also established a “Bridge to the Future” fund, which will promote the hiring of promising new faculty members.

In announcing his plans for the future, President Saywell said:

“Above all else, we must recognize that the best way to fight against decline is to make energetic progress toward our cardinal mission as a University: our enduring commitment to seek, to preserve and to transmit knowledge in fidelity with the free pursuit and defense of truth. In a democratic, free society, nothing less will serve the community as we must.”
