

An aerial photograph captures a large group of graduates in blue and red regalia walking across a series of wide, grey concrete steps that lead down to a pond. The graduates are dressed in traditional academic attire, including blue gowns with red and white stoles, and blue mortarboard caps. Some are holding black folders or diplomas. The pond is visible on the left side of the frame, with some lily pads floating on its surface. The overall scene is bright and celebratory, set against a clear blue sky.

CHANCELLOR'S WELCOME

I welcome you to our Spring 2018 Simon Fraser University Convocation with both joy in the occasion and pride in your accomplishments.

The word convocation means “calling together”. This is the hour and this is the place for your peers, mentors, supporters, family, friends and admirers to gather together to recognize and celebrate your accomplishments.

Simon Fraser University's Convocation continues a tradition of learning and achievement that began with the earliest institutions of higher education many centuries ago. Our various caps, gowns,

hoods, certificates and diplomas, together with the procession of scholars, pipe and drum, mace and claymore, all serve to remind us that we are part of a remarkable human history of commitment to enquiry and scholarship.

The first Convocation of Simon Fraser University took place on September 9, 1965, when 2,500 charter students crossed the threshold of this institution and headed out to put their new skills into use. On that date, over 50 years ago, those students made the same commitment to continued discovery, learning, listening and dialogue that you now embody.

Look around Convocation Mall and you can see that the youthful, creative and yes, even radical energy that characterized SFU in 1965 continues to flourish. In the intervening years we have grown not just in size and numbers but also in collective spirit and purpose. Our three campuses welcome more than 30,000 students each year, and today's graduates join an alumni family that numbers over 155,000, and spans the world. While our work and further studies will take us all over the globe, in this era of connectedness we are

undivided by geography or undertaking. We, the people of SFU, are linked by our common roots. We share a foundation that will be an ongoing source of support and strength for us all.

Today is the moment to celebrate and honour the effort and accomplishments of our students and those who have taught and nourished them. But this is not a leave-taking. The ceremony of Convocation is not an end point. It is not your destination. Instead, Convocation is a way station on your journey of lifelong learning and your path of passionate engagement.

Travel well. Shed light for those who travel in the dark. Be curious. Be creative. Be a force for good. Show the world that SFU has helped you to become your best self.

And be sure your journey sometimes brings you back to this place, these people, your own SFU. I, for one can't, wait to welcome you again, as continuing students, as teachers, as colleagues, as mentors, as parents, as supporters and as friends.

Anne Giardini, O.C., Q.C.
Chancellor

PRESIDENT'S WELCOME

The skirling of the pipes, the procession across the pond, the conferring of degrees: Convocation at Simon Fraser University is a glorious ritual and a suitable recognition of an academic job well done.

I join with your family and friends — and other generous souls who supported you on your university journey — in applauding this important accomplishment.

Simon Fraser University was founded over 50 years ago with a mission to be a different kind of university. Although located high atop Burnaby Mountain, SFU

has always had a strong commitment to contribute to society, to embrace new initiatives and to engage deeply with communities near and far.

This June, our graduates join a diverse community of more than 155,000 SFU alumni living in 140 countries — and truly engaging the world.

I encourage you to continue the SFU tradition to blaze your own trail and to make a positive impact on society. This university is built on the premise that the greatest innovations in history have come

from people bold enough to explore new frontiers and to take novel approaches.

W. B. Yeats observed: “Education is not the filling of a pail, but the lighting of a fire.” I see that fire burning brightly in each of your eyes today — a flame that will sustain you in the years to come.

Hearty congratulations to our graduates, and thank you all for being part of this happy occasion.

Andrew Petter, Q.C.
President and Vice-Chancellor

As President of SFU's Alumni Association, I congratulate you on achieving your academic goal; this is an accomplishment that has taken significant time, energy and support to achieve.

I also welcome you as lifetime members of our dynamic and diverse worldwide network that is now more than 155,000 strong in 140 countries. The community you are joining is vast, spans all industries and sectors, and includes alumni who graduated more than 50 years ago.

SFU and our Alumni Association are your lifelong partners. As your journey continues, we will always be there to help you expand your personal and professional network through our events and initiatives, and we will support your success by offering a selection of alumni benefits that include career services, library services, and preferred rates on programs that address your personal and professional interests and development.

We will also be reaching out to ask you to remain engaged by helping us advance and enhance the experience for future graduates. There are many helpful and rewarding capacities in which you can give back including serving as a mentor, guest speaker, donor, co-op advocate or research partner.

Please keep your email and mailing addresses up to date with SFU so we can help you make and maintain connections, inform you of upcoming events and let you know about opportunities to remain involved and engaged with our great university.

Like any strong community, we take pride in your accomplishments — so please keep us informed of your life journey and watch our social media channels for information on the accomplishments of fellow grads.

ALUMNI ASSOCIATION WELCOME

Alumni are SFU's greatest ambassadors. Thank you in advance for helping to showcase the value of your SFU education and the impact that it will have as you engage the world.

Congratulations, fellow alumni!

HISTORY

SIMON FRASER UNIVERSITY
ENGAGING THE WORLD

The university is named after Simon Fraser, loyalist, fur-trader and explorer, who in 1808 completed one of the greatest journeys in the annals of Canadian history by descending the mighty river which today bears his name.

In January 1963, a report recommended the creation of a new university in the Lower Mainland — two months later the establishment of Simon Fraser University received formal assent in the British Columbia Legislature, and Dr Gordon M. Shrum was appointed the first Chancellor.

From a variety of sites, the Chancellor recommended the top of 1,200 foot high Burnaby Mountain, with its magnificent views of Burrard Inlet, the Coast Mountains, the Fraser River and Vancouver harbour. The then district of Burnaby donated the land for the university. The Vancouver firm of Erickson/Massey won the design competition, but the four runner-up architects each designed at least one building within the overall plan. Construction began in the spring of 1964 and eighteen months later, on September 9, 1965, Simon Fraser University opened to 2,500 charter students.

Since then the university has grown substantially, with the establishment of the Vancouver campus in 1980, and the establishment of the Surrey campus in 2002.

SFU's Vancouver campus offers programs and services directed to mid-career intellectual and professional growth. With several striking downtown buildings, the campus currently serves over 70,000 people annually. In 2010 the School for the Contemporary Arts moved its Burnaby programs to the Vancouver campus, occupying a new facility on the redeveloped Woodward's site.

SFU's Surrey campus promotes student success with a learning environment based on innovative teaching approaches, small class sizes and a vibrant research community. The campus, which occupies a stunning facility designed by renowned architect Bing Thom, officially opened in September 2006.

Since 1965, Simon Fraser University has been characterized by its adventurous spirit, openness and willingness to embrace bold initiatives. SFU's unique educational programs, inspired research and vibrant community relations have set it apart from other universities — in BC and in Canada.

GRADUAND SPEAKERS

Mr Michael Vegh, BEnv

Resource and Environmental Management

Tuesday, June 12, 9:45 AM

Mr Michael Vegh is graduating with a Bachelor of Environment in Resource and Environmental Management. A Heiltsuk First Nation student, Mr Vegh has a passion for working alongside Indigenous communities. He served as an executive member of the First Nations Student Association during his first two years at SFU. He later joined the Bachelor of Environment Student Union, bringing an Indigenous perspective to the group. His directed studies focused on culturally modified tree density and how this can inform Indigenous-led management strategies. Mr Vegh's future research interest is focused on how Indigenous ecological knowledge and Western science can reaffirm the truths known by Indigenous communities.

Mr Anish Verma, BSc, Chemical Physics

Tuesday, June 12, 2:30 PM

Mr Anish Verma is graduating with a Bachelor of Science in Chemical Physics, with a minor in Nuclear Science. As a student, he made long lasting bonds within the SFU community through his involvement in the Physics Student Association, the Chemistry Student Society, the Science Undergraduate Society and the Science Undergraduate Research Journal. He obtained several undergraduate research grants, presented in research conferences and published his work in peer-reviewed journals. His future plans include travelling for one year, then pursuing his graduate studies to become a research scientist in nuclear physics.

Ms Madeline Millsip, BBA

Management Information Systems and Marketing

Wednesday, June 13, 9:45 AM

Ms Madeline Millsip is graduating with a Bachelor of Business Administration in Management Information Systems and Marketing with a 4.21 GPA. During her degree, she competed on the varsity women's wrestling team, held the position of education manager for SFU Enactus Banner Bags Program and was a board member of Dress for Success Vancouver. She represented SFU with her team at international case competitions and was the chair of CaseIT, one of the world's longest-running IT-themed business competitions, managing a \$100k budget and a 44-student team. She is a Surrey Board of Trade Top 25 Under 25 recipient and a Odgers Berndston CEOx1Day winner. Currently, Ms Millsip is a consultant in analytics and information management for Deloitte.

Mr Samuel Thiak, BA, Political Science

Wednesday, June 13, 2:30 PM

Mr Samuel Thiak is graduating with a Bachelor of Arts in Political Science. Born in South Sudan, he fled to Kenya as a refugee due to conflict in his home country. He received a unique sponsorship and permanent residence in Canada through the World University Service of Canada. With an interest in International and National Security, he participated in the NATO Field School where he received a medal from Lieutenant General Chris Whitecross, commandant of the NATO Defense College. He worked with SFU Residence and Housing, Work Integrated Learning and volunteered with Simon Fraser Student Society. This fall, Mr Thiak will continue his education at SFU with a Masters of Arts in Political Science.

Ms Katrina Heinonen, BA, Linguistics

Thursday, June 14, 9:45 AM

Ms Katrina Heinonen is graduating with a Bachelor of Arts in Linguistics with a minor in Health Science and a certificate in Speech Science. During her time at SFU, she has volunteered as a research assistant in SFU's Language and Brain Lab and was a varsity athlete on the women's swimming and diving team. During the 2017/2018 athletics season, she received the Top Scholar-Athlete award and was voted Most Inspirational by her teammates. Ms Heinonen plans to apply her knowledge of neurolinguistics and speech pathology by pursuing a career in the health field, helping to improve the lives of others.

Ms Lauren McRae, BA, Psychology

Thursday, June 14, 2:30 PM

Ms Lauren McRae is graduating with an honours Bachelor of Arts in Psychology. As a student, she worked as a Psychology Teaching Assistant, a clinical editor for *SFU's Undergraduate Journal of Psychology* and a research assistant in Dr Lara Akinin's and Dr Rebecca Cobb's research labs. She has also been awarded over \$10,000 in awards and scholarships including the London Drugs 60th Anniversary Student Award and the Mary Batchelor Memorial Award for service and academic achievement. Ms McRae is passionate about studying intimate relationships and how couples communicate. This fall, she will begin her graduate work in SFU's Clinical Psychology program.

Ms Miquela Anzulovich, BA, Communication

Friday, June 15, 9:45 AM

Ms Miquela Anzulovich is graduating with a Bachelor of Arts in Communication with a minor in Sociology. Throughout her time at SFU, she volunteered at the SFU Women's Centre and was a Study Abroad Ambassador. She also participated in an academic exchange at the University of Leeds, held an eight month co-op placement with the Federal Government as a junior policy analyst and worked a third co-op term as an educational outreach coordinator for the School of Communication. In her final year, she volunteered as a peer mentor, providing support and information to incoming students at university recruitment events. Ms Anzulovich plans to continue her education.

Mr Philip Cheung, BGS, Education

Friday, June 15, 2:30 PM

Mr Philip Cheung is graduating with a Bachelor of General Studies in Education with minors in Early Learning, Learning and Developmental Disabilities, and Curriculum and Instruction. Mr Cheung was involved with the Education Student Association where he worked with like-minded individuals to help build a student-centered community. He was also involved in the Friends of Simon program, working with children and youth across the Lower Mainland. Currently, he is a student teacher in SFU's Professional Development Program, where he recently completed a short practicum working with a grade 7 class. In the future, Mr Cheung plans to pursue employment as a teacher in the Lower Mainland.

MEDAL RECIPIENTS

GOVERNOR GENERAL'S GOLD MEDAL

Awarded to the two graduate students who achieve the highest academic standing upon graduation from a master's or doctoral degree program.

Dr Bamdad Hosseini, PhD, Mathematics

Tuesday, June 12, 2:30 PM

For his PhD, Dr Bamdad Hosseini worked on the theory and applications of Bayesian inverse problems – a mathematical toolbox for inference and quantification of uncertainty in vast areas of science and engineering. He was the recipient of a SIAM Student Paper Prize in 2017 and holds an NSERC postdoctoral fellowship where he was ranked first among other candidates in mathematical sciences. Dr Hosseini is now a Postdoctoral Fellow at CalTech where he studies fundamental problems in machine learning and data science.

Dr Krystyna Adams, PhD, Health Sciences

Friday, June 15, 2:30 PM

Dr Krystyna Adams completed her master's and PhD research as part of the SFU Medical Tourism Research Group that examines the ethical dimensions and health system impacts of patients crossing borders to access medical care. Her dissertation research was funded by a CIHR doctoral award and examines industry practices in a popular dental tourism destination in northern Mexico. Her research findings emphasize health equity concerns pertaining to specific industry practices and also inform various knowledge translation activities to encourage more ethical industry development and stakeholders. Dr Adams recently began working as a policy analyst in the Primary Care Access Branch at the Ministry of Health in Victoria, BC. In this role, she plans to continue research and policy development supporting more equitable health care delivery.

GRADUATE DEAN'S MEDAL

Recognize graduating students from each faculty whose cumulative grade point average place them in the top five per cent of their class.

Mr David Swanlund, MA, Geography

Tuesday, June 12, 9:45 AM

In his master's thesis, Mr David Swanlund uncovered ways in which new biometric technologies could intensify and extend surveillance, and he also proposed tactics and strategies for maintaining personal privacy. During his studies, he maintained a 4.11 CGPA and received several awards, including a SSHRC Canada Graduate Scholarship. His work has resulted in a number of research articles, including two in the top journals in his field, all while attracting over 500,000 visitors to TheTinHat.com – a website he founded that focuses on teaching online privacy and security. Mr Swanlund is now pursuing a PhD with Dr Nadine Schuurman at SFU, where he is studying the intersection of geographic information science and privacy within the context of academic research.

Ms Christine Huang, MSc, School of Engineering Science

Tuesday, June 12, 9:45 AM

Ms Christine Huang completed an undergraduate degree at SFU with distinction and after completing an Undergraduate Student Research Award (USRA), she went on to pursue a master's under Dr Marinko Sarunic. Ms Huang is the first student in the Faculty of Applied Sciences to complete an accelerated master's initiative and she did so within four terms. Her research focus was on adaptive optics and visible light OCT, developing novel noninvasive technology for simultaneous structural and fluorescence imaging of a living eye with cellular resolution. Ms Huang was recruited by a global company that develops high performance, professional display technology. She is now a research engineer working on laser based projector systems.

Dr Eric Hall, PhD, Molecular Biology and Biochemistry

Tuesday, June 12, 2:30 PM

For his PhD thesis, Dr Eric Hall studied the genetic interaction and regulation of essential cellular mechanisms during embryonic development. His work resulted in the identification of several novel mechanisms and insights required for development and disease progression. Dr Hall received a number of prestigious awards during his PhD, including an NSERC Canada Graduate Scholarship. Since graduating from SFU, he has undertaken a postdoctoral fellowship position at St Jude Children's Research Hospital in Memphis, Tennessee. His current research focuses on understanding how cancer cells communicate with healthy tissue in pediatric cancers. Dr Hall's research will contribute to a better understanding of pediatric cancers and one day lead to the discovery of novel therapies for children.

MEDAL RECIPIENTS

GRADUATE DEAN'S MEDAL

Dr Colin Peters, PhD
Biomedical Physiology and Kinesiology
Tuesday, June 12, 2:30 PM

Dr Colin Peters came to SFU as an undergraduate student and continued on directly to a PhD. He completed his doctoral dissertation, unraveling the role blood acidity plays in eliciting cardiac arrhythmia in those born with specific rare genetic mutations. His discovery that blood acidity further compromises heart function in these already compromised individuals highlights the importance of genetic testing and personalized medicine for patients with inherited arrhythmias. He is the recipient of many prestigious awards, including the SFU Alumni Association Entrance Scholarship and NSERC Canada Graduate Scholarship. Dr Peters is currently working with clinical groups in the UK, Ireland and California to determine how fever can elicit seizures in infants with severe epilepsy.

Dr Simon Pek, PhD, Beedie School of Business
Wednesday, June 13, 9:45 AM

For his doctoral dissertation, Dr Simon Pek studied how companies can integrate sustainability into their organizational cultures and day-to-day operations. He achieved a 4.23 CGPA for his doctoral program and was a recipient of several graduate awards, including a SSHRC Joseph-Armand Bombardier Canada Graduate Scholarship. Throughout his studies, he was also involved with a non-profit he co-founded, Democracy In Practice, which was a finalist for the Council of Europe's Democratic Innovation Award. He currently works as an assistant professor at the University of Victoria, focusing his research and teaching on the nexus of organization theory and sustainability.

Dr Nancy Teeple, PhD, Political Science
Wednesday, June 13, 2:30 PM

For her doctoral dissertation, Dr Nancy Teeple explored the feasibility of creating a nuclear arms control regime in the Arctic within the context of the US–Russia strategic arms competition. Studying with Dr Douglas Ross, Dr Teeple's findings determined that an Arctic nuclear-weapon-free zone has potential, which requires changes in provocative nuclear behaviour and cooperation towards establishing exclusion zones in the Arctic incrementally. Dr Teeple received many awards to pursue this research, including a SSHRC Doctoral Research Award and an award from the Department of Foreign Affairs. Dr Teeple continues to explore strategic issues involving asymmetric challenges and offset capabilities while she teaches upper level undergraduate courses on modern warfare, nuclear strategy and theories of war at SFU.

GRADUATE DEAN'S MEDAL

Dr Jodie Warren, PhD, School of Criminology
Thursday, June 14, 2:30 PM

During her doctoral dissertation, Dr Jodie Warren designed an innovative method to estimate age of immature insects which can be applied to death investigations. This method adds precision to current techniques and allows forensic entomologists to provide more precise post-mortem interval estimations. This greater precision has profound influence on homicide investigations and improves the ability to estimate correct timeframes, which can confirm or negate witness statements. During the course of her research, she received the Terry Fox Gold Medal Award and the Alexander Goetz Instrument Program Award. Dr Warren received the almost unheard of "thesis without changes" designation. She completed this highly lauded research without letting the lasting effects of a devastating stroke suffered in her early twenties prevent her from achieving her dreams.

Dr Margaret MacAulay, PhD, School of Communication
Friday, June 15, 9:45 AM

During her PhD, Dr Margaret MacAulay examined the challenges and opportunities that new technologies bring for gay men's communities and their HIV prevention needs. Focusing specifically on the experiences of gay men, public health actors and tech entrepreneurs in Vancouver and San Francisco, her research examined the virtual friction that accompanied digital and biomedical changes in the dynamic world of HIV prevention. Dr MacAulay received a SSHRC Canada Graduate Scholarship for her research. As a communication researcher, educator and consultant who is interested in LGBTQ studies, gender/sexuality, public health and new media, Dr MacAulay is currently a postdoctoral fellow at the Stigma and Resilience Among Vulnerable Youth Centre (SARAVYC) in UBC's School of Nursing.

Ms Kalysha Closson, MSc, Faculty of Health Sciences
Friday, June 15, 2:30 PM

Ms Kalysha Closson joined the Faculty of Health Sciences in January of 2012, completing her bachelor's degree and then pursuing a master's degree. Working with Dr Angela Kaida and Dr Bob Hogg at SFU and the BC Centre for Excellence in HIV/AIDS, her research aimed to understand barriers to HIV prevention and treatment among individuals marginalized by socio-structural inequities, including youth in Canada and South Africa. Ms Closson has been awarded a prestigious Canada Graduate Scholarship to continue her work into a doctoral degree at UBC where she will explore the intersection of relationship power and HIV risk among young women in South Africa using youth-engaged methods.

MEDAL RECIPIENTS

GRADUATE DEAN'S MEDAL

Dr Robyn F. Long, PhD, Education**Friday, June 15, 2:30 PM**

For her doctoral research, Dr Robyn F. Long investigated young children's prosocial activity development in a Montessori classroom by conducting a three year longitudinal case study. She found that the teachers modeling concentration and precision while demonstrating use of the Montessori curricular materials led to students reproducing this activity, establishing a classroom work ethos that grew along with students' increased mastery of material work. The students also reproduced prosocial actions modeled by the teachers, becoming integral, effective and caring contributors to classroom management. The relationship between the children's increasing curricular mastery and their prosocial activity is explained using a community of practice model. Dr Long currently works as a writing facilitator with SFU's Student Learning Commons and Research Commons.

Dr Shannon Rodgers, PhD, Education**Friday, June 15, 2:30 PM**

A teacher for two decades, Dr Shannon Rodgers returned to SFU to complete a PhD. Her doctoral work uses philosophy of mind to question long-held pedagogical assumptions, including the application of Bloom's Taxonomy to assessment practices, the primacy of psychology over philosophy to guide educational policy, and that epistemological concepts are skills. Encouraging an examination of education through a different lens, her work endorses a call for teacher training programs to include history of the philosophy of mind and an examination of assessment policies and practices. Connecting theories of mind to education is a family affair – twenty years ago Dr Rodgers' mother, Dr Shelby Sheppard, was awarded the Dean's Convocation Medal at SFU for her work on "Education and the Development of Mind: A Critique of Information-Processing Theory".

GOVERNOR GENERAL'S SILVER MEDAL UNDERGRADUATE

Awarded to the two undergraduate students who achieve the highest scholastic standing upon graduation from a bachelor's degree program.

Mr Chi Hung (Jeff) Chen, BSc, Biomedical Physiology**Tuesday, June 12, 2:30 PM**

Mr Chi Hung (Jeff) Chen is graduating with a Bachelor of Science in Biomedical Physiology with a 4.32 GPA. Upon admission to SFU, Mr Chen was awarded the 2012 Schulich Leader Scholarship. During his degree, he dedicated his free time to work with grade 1-3 students at University Highlands Elementary School. He was involved in Dr Glen Tibbits' molecular cardiac physiology research and received an NSERC Undergraduate Research Award in 2014 and 2015. He was a student speaker at SFU's Entrance Scholarship Reception and Info Eve. He is currently studying at the UBC Faculty of Medicine.

Ms Kaitlyn Thompson, BA, Linguistics**Thursday, June 14, 9:45 AM**

Ms Kaitlyn Thompson graduated in the fall of 2017 with a Bachelor of Arts in Linguistics. During her degree, she embraced many opportunities including taking a graduate phonology class, participating in a departmental poster presentation and serving as an EAL peer educator and coach. While on exchange at the University of Glasgow, she wrote an essay that earned her the Society for Name Studies in Britain and Ireland Essay Prize. Ms Thompson also volunteered at SFU's Language and Brain Lab where she was introduced to the field of neurolinguistics. With an interest in the relationship between language and the brain, she began volunteering in healthcare settings. In the future, Ms Thompson plans to pursue a career in a helping profession.

MEDAL RECIPIENTS

LIEUTENANT GOVERNOR'S SILVER MEDAL UNDERGRADUATE

Awarded to an undergraduate student who has maintained the highest academic standing in a certificate or post-baccalaureate diploma program and who, by participating in extracurricular activities, has shown outstanding qualities of character and unselfish devotion to the community.

Ms Nicole Wittenberg, PBD
Counselling and Human Development
Friday, June 15, 2:30 PM

Ms Nicole Wittenberg is graduating with a Post Baccalaureate Diploma in Counselling and Human Development. She previously completed two undergraduate degrees in Psychology and Education in addition to the Professional Development Program at SFU. She is passionate about Social Emotional Learning (SEL) and other topics that enable students to build healthy relationships both inside the classroom and outside on the playground. Currently, Ms Wittenberg works as an elementary school teacher with the Surrey School District. In the future she plans to apply to a masters of Education in Counselling Psychology.

GORDON M. SHRUM UNDERGRADUATE MEDAL

SFU's most prestigious undergraduate medal is bestowed on the graduating student whose high scholastic standing and extracurricular activities demonstrate outstanding qualities of character and unselfish devotion to the University.

Ms Katrina Besler, BSc
Molecular Biology and Biochemistry
Tuesday, June 12, 2:30 PM

Ms Katrina Besler is graduating with a Bachelor of Science in Molecular Biology and Biochemistry with a 4.30 GPA. An involved student, she engaged in research, participated in Molecular Biology and Biochemistry department initiatives and worked as a teaching assistant. She was President of SFU's International Justice Mission and held leadership roles with University Christian Ministries, Light Up The Hill and the SFU Pre-Med Society. She was the recipient of several awards and scholarships including the BC Secondary Simon Fraser Entrance Scholarship and the NSERC Undergraduate Student Research Award. In the fall, Ms Besler will attend UBC's MD PhD Program to pursue her lifelong goal of a career in medicine.

UNDERGRADUATE DEAN'S MEDAL

Recognize undergraduate students in each faculty whose cumulative grade point average places them in the top five per cent of their class.

Ms Destiny Hsu, BAsC, Engineering Physics
Tuesday, June 12, 9:45 AM

Ms Destiny Hsu is graduating with an honours Bachelor of Science in Engineering Physics with a 4.14 CGPA. She studied topics spanning from microelectronics and digital communications to laser engineering and theoretical physics. She also gained professional software experience through co-op placements at Arista Networks, Ixia and Teradici. In addition, Ms Hsu was the author and illustrator of two comic series in *The Peak: Creator's Pet* and *Serious Bananas*. After completing her undergraduate thesis on medical ocular imaging with polarization-sensitive optical coherence tomography, she is now conducting graduate research in Engineering Science with Professor Marinko Sarunic and the Biomedical Optics Research Group (BORG).

Ms Tesicca Truong, BSc, Environmental Science
Tuesday, June 12, 9:45 AM

Ms Tesicca Truong is graduating with a honours Bachelor of Science in Environmental Science. As a student, she served with the Simon Fraser Student Society, the SFU Senate, Sustainable SFU and the Mayor of Vancouver's Engaged City Task Force. She also kickstarted Vancouver Youth4Tap, a city-wide movement to promote tap over bottled water and co-founded the Vancouver School Board Sustainability Conference. She was awarded the SFU President's Leadership in Sustainability Award and the Vancouver's Greenest City Leadership Award. She has also been named on Top 30 under 30 lists by Corporate Knight's Sustainability Leaders and the North American Association for Environmental Education. Ms Truong now advises the Minister of Environment and Climate Change as a member of BC's Climate Solutions and Clean Growth Advisory Council.

Ms Chelsea Kuik, BSc, Behavioural Neuroscience
Tuesday, June 12, 2:30 PM

Ms Chelsea Kuik is graduating with a Bachelor of Science in Behavioural Neuroscience. She transferred from the University of Manitoba in 2014 after becoming interested in SFU's Behavioural Neuroscience program. Involved in the SFU community, Ms Kuik exercised dedication to improving the student experience by serving four terms as the departmental representative for the Behavioural Neuroscience Student Society. In this role she has advocated for important changes to help connect students with their peers and professors through events such as the annual Neuroscience Networking Night. Ms Kuik has also contributed to the Faculty of Science through her efforts as an undergraduate volunteer teaching assistant in the Anatomy Lab. She is currently volunteering with the Looking Glass Foundation and plans to enroll in a masters program or medical school in the future.

MEDAL RECIPIENTS

UNDERGRADUATE DEAN'S MEDAL

Mr Christopher Dang, BBA, Finance **Wednesday, June 13, 9:45 AM**

Mr Christopher Dang is graduating with a Bachelor of Business Administration in Finance. During his time at SFU, Mr Dang served in leadership roles within an array of organizations, such as Enactus, CaseIT, the Business Administration Student Society and the Canadianized Asian Club. His notable experiences include helping to manage the \$6.5 million Beedie Endowment Asset Management (BEAM) fund and representing SFU in international case competitions. Mr Dang's top-level academic achievement has won him multiple scholarships and awards. While on academic exchange at Yonsei University in South Korea, he achieved top grades among international and local students. He will soon begin his career as a management consultant at Deloitte.

Mr Deven Azevedo, BA, Economics **Thursday, June 14, 9:45 AM**

Mr Deven Azevedo graduated in the fall of 2017 with a Bachelor of Arts in Economics. He began his degree studying environmental science. After enrolling in a few economics courses and developing a passion for the subject, he switched his major. As a student he was a representative on the SFU Board of Governors and Chair of the Embark Sustainability Society. In these roles, he advocated for responsible investment and reasonable tuition fees. One of his proudest moments was his involvement in influencing the Board of Governor's decision to reduce the carbon footprint in SFU investments by 30%. This fall, Mr Azevedo plans to attend the London School of Economics.

Ms Lauren McRae, BA, Psychology **Thursday, June 14, 2:30 PM**

Ms Lauren McRae is graduating with an honours Bachelor of Arts in Psychology. As a student, she worked as a Psychology Teaching Assistant, a clinical editor for *SFU's Undergraduate Journal of Psychology* and a research assistant in Dr Lara Akinin's and Dr Rebecca Cobb's research labs. She has also been awarded over \$10,000 in awards and scholarships including the London Drugs 60th Anniversary Student Award and the Mary Batchelor Memorial Award for service and academic achievement. Ms McRae is passionate about studying intimate relationships and how couples communicate. This fall, she will begin her graduate work in SFU's Clinical Psychology program.

UNDERGRADUATE DEAN'S MEDAL

Ms Elizabeth Montroy, BA, Communication **Friday, June 15, 9:45 AM**

Ms Elizabeth Montroy is graduating with a Bachelor of Arts in Communication with a Certificate in Health and Fitness Studies. Completing her degree with a 4.40 GPA, she was named to the President's Honour Roll six times. While at SFU she had a paper published in *Inquiries Journal* and participated in the Fall 2017 President's Dream Colloquium. She completed four co-op terms doing communications and media work with the Vancouver Aboriginal Child and Family Services Society, TRIUMF and the International Paralympic Committee (IPC) in Germany. She recently worked at the PyeongChang 2018 Olympics and Paralympics with the Canadian Olympic Committee and the IPC. Currently, Ms Montroy works as a communications and marketing manager with Curl BC.

Ms Ana Karen Ramirez, BGS, Education **Friday, June 15, 2:30 PM**

Ms Ana Karen Ramirez is graduating with a Bachelor of General Studies in Education with minors in Early Learning, and Curriculum and Instruction. She also completed the Professional Development Program (PDP) at SFU. Originally from Guadalajara, Mexico, Ms Ramirez started university studying Environmental Engineering. However, after volunteering at daycares and elementary schools, she found her true calling in the Faculty of Education. She is the recipient of four scholarships, as well as a grant to fund a field trip for an inner-city school. Last spring, she began working as an elementary school teacher with the Burnaby School District and completed her final two terms while working full-time. Next year, she plans to apply to graduate school.

Ms Jenna Grose, BSc, Health Science **Friday, June 15, 2:30 PM**

Ms Jenna Grose is graduating with a Bachelor of Science in Health Science with a 4.13 GPA. During her studies, she developed an interest in the intersection between the human body at a molecular level and the healthcare system. Throughout her degree, she gained hands-on patient experience by volunteering at St. Paul's Hospital and Fraser Health. In addition, she joined SFU's co-op program which provided her with the opportunity to work in the field of antibody development in Vancouver and as a research assistant in plant pathology for the Federal Government in the Okanagan. This fall, she will attend BCIT's Diagnostic Medical Sonography programs to become an ultrasound technician.

Order of Procession ~ The procession will be led by pipers of the six-time World Champion Simon Fraser University Pipe Band.

Followed by: Claymore Bearer ~ **Graduands** ~ Delegates and Representatives ~ Faculty ~ Senate ~ Board of Governors ~ Distinguished Guests ~ Deans ~ Vice-Presidents ~ Mace Bearer ~ President ~ Chancellor.

The Presentation

Professor Andrew Petter

The President asks all the candidates for degrees to rise and presents them to the Chancellor:

"Madam Chancellor, I present to you those scholars who have fulfilled the statutory requirements laid down by the Senate of this university, and request that you confer upon each one the degree for which they are now recommended."

The Admission

Ms Anne Giardini

The Chancellor addresses the candidates:

"By virtue of the authority vested in me and in the Senate of this university, I hereby admit you to your various and several degrees."

Conferring of Degrees, Diplomas and Certificates by Faculty

Concluding Remarks

Ms Anne Giardini

Reception

Graduates and guests are invited for light refreshments at Junction 65.

**Michael Francis, Doctor of Laws,
*honoris causa***

Dr Michael Francis is a Vancouver chartered accountant, innovator and leader who has devoted much of his life to community engagement. A past member and chair emeritus of the SFU Board of Governors, he has shared his time and business

expertise by chairing many corporate and public boards. These include the B.C. Trade Development Corp., where he broke new ground in developing important new trade relations, and the Vancouver International Film Festival, which he served for 25 years, guiding its unprecedented financial and artistic success. In 2000, he received a Leo award recognizing his contributions to building BC's film industry, and to growing and developing B.C.'s cultural and arts communities. In 2001, the Institute of Chartered Accountants named him as a fellow. He is also president of Seed Management Inc., an early-stage venture capital company.

Ms Anne Giardini

Reception

Graduates and guests are invited for light refreshments at Junction 65.

Dorothy Grant, Doctor of Fine Arts, honoris causa

For more than three decades, fashion designer Dr Dorothy Grant has been combining traditional Haida art with contemporary fashion design to create stunning garments that evoke self-respect and pride for First Nations culture. A graduate

of Vancouver's Helen LeFeaux School of Fashion Design, Dr Grant premiered her first fashion collection in 1989 under the Feastwear label. Her Haida-inspired clothing has since appeared around the world on fashion runways, on the red carpet and in museum and gallery collections. A successful entrepreneur, she continues to produce three fashion labels from her Tsawwassen, B.C. studio, leading the way for new generations of Indigenous designers across North America. In 2015, she received the Order of Canada for her "contributions to the fashion industry as an artist, designer and mentor."

"Madam Chancellor, I present to you those scholars who have fulfilled the statutory requirements laid down by the Senate of this university, and request that you confer upon each one the degree for which they are now recommended."

The Admission

Ms Anne Giardini

The Chancellor addresses the candidates:

"By virtue of the authority vested in me and in the Senate of this university, I hereby admit you to your various and several degrees."

Conferring of Degrees, Diplomas and Certificates by Faculty

Presentation of the Governor General's Silver Medal

Ms Kaitlyn Thompson

Concluding Remarks

Ms Anne Giardini

Reception

Graduates and guests are invited for light refreshments at Junction 65.

Madeleine Thien, Doctor of Letters, honoris causa

Dr Madeleine Thien is a celebrated Canadian author whose compelling books explore individual lives caught in the storm of political revolutions. Her books, translated into more than 25 languages, are bringing Canadian literature to the world stage. Her

2016 novel, *Do Not Say We Have Nothing*, about the legacy of the 1989 Tiananmen Square demonstrations, was shortlisted for the Man Booker Prize, and won the Scotiabank Giller Prize and the Governor-General's Literary Award for Fiction. She also publishes literary criticism, essays and multimedia work, and has taught literature and fiction around the world. In 2013, she served as SFU's Writer in Residence for two terms, and was later appointed inaugural Shadbolt Research Fellow. She is a professor of English at Brooklyn College, City University of New York.

Graduates and guests are invited for light refreshments at Junction 65.

Ashok Khosla, Doctor of Laws, honoris causa

Dr Ashok Khosla, who holds a PhD in experimental physics from Harvard University, is an internationally renowned pioneer in alternative development strategies. His work to develop basic concepts, practices and systems for promoting social

and environmental sustainability has had profound impacts in India and around the globe. He established the first governmental agency for the environment in a developing country, India; the first international information system on the environment, Infoterra; and the first social enterprise for sustainable development, the Development Alternatives Group. He has also contributed to the sustainability policies of many international organizations, including the UN Environment Program, UN University, the World Bank and IUCN. He has co-chaired the UN's International Resource Panel and has served in senior positions with many international commissions, summits and organizations for environment and development. Among his many awards and honours, he is an Officer of the Order of the British Empire and a UN Sasakawa Environment Prize laureate.

Concluding Remarks

Ms Anne Giardini

Reception

Graduates and guests are invited for light refreshments at Junction 65.

Crystal Pite, Doctor of Fine Arts, honoris causa

Dr Crystal Pite is an internationally renowned Canadian choreographer whose works are sought by some of the world's best dance companies, including the Paris Opera Ballet and the Royal Ballet. A former dancer with Ballet British Columbia and

Ballett Frankfurt, she began choreographing in 1990 and has since created more than 50 works, including a work for SFU dance students, performed at SFU Woodward's in 2014. Noted for her mastery of craft, Dr Pite engages her audience emotionally and intellectually through creations that are unflinching, finely-wrought and profoundly human. She is an associate artist with Nederlands Dans Theater, Canada's National Arts Centre and Sadler's Wells, London. In 2002, she formed her own Vancouver company, Kidd Pivot, which tours nationally and internationally. She has won many awards, including the 2017 Benois de la Danse for her creation *The Seasons' Canon* at the Paris Opera Ballet and the 2017 Olivier Award for *Betroffenheit*, created with Jonathon Young.

Stanley Zlotkin, Doctor of Science, *honoris causa*

Dr Stanley Zlotkin is a professor of paediatrics, nutritional sciences and public health at the University of Toronto, a senior scientist at The Hospital for Sick Children Research Institute and chief of global child health at SickKids. Dr Zlotkin has

made a significant contribution to children's health in developing countries through his research and advocacy to prevent malnutrition, including nutritional anaemia. Challenged by UNICEF to find a solution to combat iron deficiency that affects millions of children, he developed Sprinkles, an affordable micronutrient powder that caregivers can easily use to fortify their children's food and prevent nutritional anaemia. He worked internationally to create the necessary partnerships for producing and distributing this life-saving product to millions of infants and young children. He has received many awards for his advocacy work for children, including the H. J. Heinz Humanitarian Award in 2001, the Order of Canada in 2007 and the Order of Ontario in 2016.

OUR TRADITION

SYMBOLS OF SIMON FRASER UNIVERSITY

The original Coat of Arms was granted to the university in 1965 by the Lord Lyon, King of Arms, in Edinburgh. The 1965 arms was registered in Canada in 2007.

In 2007, the Canadian Heraldic Authority granted a modification of the Coat of Arms at the request of the university. The arms are based on the arms of Fraser of Lovat, from whom the university's namesake was descended via the Frasers of Culbokie. The blue quarters with white "fraises" i.e., strawberry flowers (a pun on the name Fraser) are the basic Fraser arms, while the white quarters with red crowns are those of Lovat. There are three books at the top of the shield, representing education. The heraldic description of the arms is: "Quarterly; first and fourth Azure three fraises Argent; second and third Argent three antique crowns Gules, all within a bordure quarterly Argent and Gules, on a chief Gules three open books proper, bound and edged Or."

The university's motto "Nous sommes prêts", meaning "We are ready", is a variation of the traditional motto of the Clan Fraser.

The mace was commissioned by university architects Arthur Erickson and Geoffrey Massey, and was presented to the university at the opening ceremonies on September 9, 1965. The mace is 61 inches long and weighs 23 pounds. Pieces of cut and polished jade, which were taken from the University's jade boulder in the Academic Quadrangle reflecting pond, were set in silver by its designer, Haida artist Bill Reid. The mace is crowned by a silver stag's head, derived from the coat of arms of Lord Lovat, head of the Clan Fraser. The Fraser tradition was to fasten sprigs of yew in their bonnets before entering battle, and the mace was carved from two-hundred-year-old yew, gathered on Burnaby Mountain by a resident in the 1940s.

Lord Lovat presented the university with a claymore, or great sword, on September 9, 1965. The claymore was first used by a Fraser at the Battle of Culloden Moor in 1746. It was also used by a Fraser at the Battle of the Plains of Abraham in 1759. The claymore is approximately 36 inches long and weighs two pounds.

The university's flag is based on the coat of arms, and was first flown at the Convocation ceremonies in June 1981.

REGALIA

The regalia worn today by our graduates has a colourful history.

Regalia originated in the monasteries of the Middle Ages. At that time, university faculty were men of religion who wore the habit of their Order when teaching. Over time, their garments came to identify their university. In Europe, laymen did not commonly teach in universities until the 19th century. Only by 1858, for example, did British law no longer require university dons to be in holy orders. Nevertheless, professors continued to wear clerical garb, with modifications in cut and design.

Regalia colours often matched those of the university patron, or of the city in which the university was located; Simon Fraser regalia combines the red and royal blue of the Clan Fraser. (The university motto "Nous sommes prêts" or "We are ready," parallels the Clan's "je suis prêt.")

The degree hood was originally part of the monk's habit — a carryall for food or other small items. Eventually, the hood became separate from the gown, variegated in colour, and emblematic of scholars and degrees from particular universities. Hoods in Canada and Europe are unique in design and colour to each degree and each university.

The history of the mortarboard worn by our Bachelors and Masters begins with high church dignitaries in the 16th century. These officials wore hats consisting of little more than a cap with a raised, squared crown. By the 18th century, the crown had evolved into a cloth-covered board, and the wearers into the deans and rectors of universities. The 19th century saw the top knob replaced by a tassel and the cap become required student attire. Reminded of the square board masons used to hold mortar, students dubbed the headgear a "mortarboard" — college slang of the day.

Doctoral hats are patterned after the Florentine hats in the time of the Medici. Students purchased hats of the appropriate university colours when continuing with advanced studies after completing the Bachelor degree.

PROUDLY DISPLAY YOUR ACHIEVEMENT WITH SFU DEGREE FRAMES

A series of beautifully crafted degree and picture frames, exclusively designed for Simon Fraser University, will be sold at all the Convocation ceremonies.

Choose from elegant metal or beautifully crafted wood frames, with the exclusive SFU 24 karat gold plated medallion or the stylish gold foil embossing. Your parchment is easily inserted into these quick-change frames, which are further enhanced with a special clear acrylic cover to protect against undue fading. All frames are easy to hang, as no extra hanging hardware is required, and all come with a lifetime guarantee on parts and labour.

The frames are available at the SFU Bookstore/Spirit Shop. If you purchase your frame at your Convocation ceremony, you will save on shipping. However, if it is more convenient you can order online at www.sfu.ca/bookstore. Proceeds from the sales of these frames will be used to help the SFU Alumni Association and their programs.

PROFESSIONAL PHOTOGRAPHS

Photographers from Artona will be at your ceremony to take a photograph of you at your special moment of recognition. They will contact you directly with information about how to order your photographs. If you do not hear from them within a week, check the website for contact information.

Artona will be set up on the North side of Freedom Square. You can visit them for a four-pose individual or family portrait session before or after your ceremony on a first-come, first-served basis. Visit them after you pick up your regalia!
