

Human Origins

Archaeology 131

Section: d100

Term: 2005 Fall

Instructor: Dr Dennis Sandgathe

Discussion Topics: This course is designed to be an introduction to human biological and cultural evolution. It will examine the course of human evolution from pre-hominid primates through to the emergence of modern humans. This will be paralleled by a general survey of the development of material culture and technology through prehistory.

Grading: Course grading will be based on 2 midterm exams and a final exam.

Required Texts: *Reconstructing Human Origins: A Modern Synthesis*. 1997. Glenn C. Conroy

Recommended Texts: none

Materials/Supplies: none

Prerequisite/Corequisite: none

Notes: This is a lecture course with no tutorials.

Deferred grades will be given only on the basis of authenticated medical disability.

This course may be applied toward the Certificate in Liberal Arts (Set 10).
