

SFU Press Releases Collection

These archival copies have been generated from web press releases maintained and originally written by SFU Communications and Marketing. Where possible, an effort has been made to preserve the public comments left on the website as well as any included photos or other images. All textual content should be faithful to the original press releases; contact numbers have been removed but they have not otherwise been altered in any way. However, this collection of documents spans multiple generations of web authoring software and not all formatting will be exact.

Simon Fraser University President Michael Stevenson's 2006-7 report to the community, *Thinking of the World*, is now available online at <http://www.sfu.ca/report2006>.

Beyond facts and figures, the annual report features accomplishments, innovations and key research projects, and highlights the university's impact on the world at large - in short, a wealth of story ideas.

A condensed version of the report will be published May 16 as a four-page insert in the *Vancouver Sun*.
