

## **Human Growth and Development**

Kinesiology 375

Section: D100

Term: 2003 Fall

Instructor: Mike Walsh

Office: K8621

Email: michael.walsh@shaw.ca

Discussion Topics: OVERVIEW:

The aim of the course is to understand the bases of individual variation in growth and performance in humans during the first 2 decades of life. Topics will include the following:

embryology,

development of various physiologic systems,

genetic and environmental influences upon growth and development,

evaluation of function and performance in children and adolescents, and

growth related injuries.

STRUCTURE:

One 3 hr lecture per week.

Grading: Midterm Exam 1 - 20%

Midterm Exam 2 - 25%

Midterm Exam 3 - 25%

Final Exam - 30%

Required Texts: Growth, Maturation and Physical Activity by R.M. Malina and C. Bouchard, 1991

Recommended Texts:

Materials/Supplies:

Prerequisite/Corequisite: PREREQUISITES:

## **Human Growth and Development**

Kin 105 (or 205), and Kin 142.

Notes: Failure to attend an examination

Students who miss examinations due to exceptional circumstances (such as serious illness or compassionate reasons) are required to obtain a physician's certificate, whereby the physician states that you were unable to write your midterm or final on the set date due to a medical condition beyond your control, or other supporting documents in order to obtain consideration in the course. Such documents must be filed with the School Director (via the Kinesiology office) or Registrar within four calendar days of the date on which the examination was to have been written. Exceptional circumstances must be approved by the Undergraduate Program Committee in order for a student to receive consideration.

Students must check the exam schedule when making course selections. Students are reminded that final examinations may be scheduled at any time during the examination period and that students should avoid making travel or employment arrangements for this period.

### Academic honesty and student conduct

Academic honesty is a condition of continued membership in the University community.

Academic dishonesty, including plagiarism or any other form of cheating is subject to serious academic penalty, i.e. failure on an assignment, failure in a course, suspension or expulsion from the University.

The University codes of student conduct and academic honesty are contained in policies T10.01 and T10.02 which are available in the Course Timetable and on the Web via <http://www.reg.sfu.ca>.

July 2000

This outline is derived from a course outline repository database that was maintained by SFU Student Services and the University's IT Services Department. The database was retired in 2014 and the data migrated to SFU Archives in 2015.
